Ontario Legal Conference: Construction Law Deep Dive into Ontario's Project Delivery Models

Thursday, February 5, 2026 | 9:00am-12:30pm

Every model of project delivery in the construction industry presents a unique set of challenges for construction and infrastructure lawyers. Join your peers and our experienced faculty for an in-depth discussion on the distinct features, types of schedules, and key requirements for the various project delivery models, including progressive design-build (PDB), integrated project delivery (IPD) and public-private partnership (P3).

Whether you are new or experienced counsel, register now to ensure you are up to speed on the latest industry developments.
